ALEXANDER LOVELADY

2027 BULL RIDING SPONSORSHIP PACKET

FIRST QUALIFIED RIDE | SECOND PLACE FINISH

Nine years of persistence. One breakthrough ride. The next chapter starts now.

Sponsorship opportunities for the 2027 rodeo season

Regional bull rider • North Carolina and surrounding states

The Rider and the Story

I have spent nine years working toward a qualified bull ride. At my most recent rodeo, I earned my first qualified ride and finished second. That result was more than a podium finish - it proved the work is moving in the right direction and gave me a strong foundation to build on next season.

I am looking for sponsors who want to be part of that progression. My goal is to compete consistently, document the season honestly, and give partner businesses meaningful visibility through rodeo appearances and original social content.

Current Momentum

9 YEARS	FIRST RIDE	2ND PLACE
Committed to bull riding	First qualified ride	Most recent rodeo result

Audience and Content

I currently have a growing audience of about 300 followers across TikTok and YouTube. The value for an early sponsor is the chance to join the story while the audience, competition schedule, and content library are still growing.

- Short-form ride footage, practice clips, results, preparation, and behind-the-scenes updates
- Sponsor tags and mentions integrated naturally into season content
- A local and regional story built around persistence, progress, and the realities of bull riding
- Performance reporting can include follower growth, views, reach, and engagement when available

2027 Season Goals

- Compete regularly at regional events within practical travel distance of northeastern North Carolina
- Build on the second-place finish with more qualified rides and consistent results
- Grow TikTok and YouTube through regular, sponsor-friendly bull riding content
- Represent every partner professionally at events and online

Sponsorship Opportunities

Packages can be adjusted around a sponsor’s goals, budget, and industry. Cash support helps cover entry fees, travel, equipment, and training. Product and service partnerships are also welcome.

LEVEL	INVESTMENT	PARTNER BENEFITS	BEST FIT
SUPPORTER	**$250**	Thank-you announcement; tagged sponsor recognition; end-of-season appreciation post.	Local businesses and individual supporters
PARTNER	**$500**	All Supporter benefits; recurring mentions in season updates; logo placement on approved apparel or gear where practical.	Businesses seeking regular season visibility
SEASON SPONSOR	**$1,000+**	All Partner benefits; prominent approved logo placement; dedicated content; priority mentions; selected content usage rights by agreement.	Brands wanting a deeper season-long partnership

In Kind Partnerships

In-kind support can be structured around the fair value of the product or service. Useful partnership categories include:

- Riding equipment, western apparel, boots, hats, protective gear, and training support
- Fuel, vehicle maintenance, lodging, meals, photography, and video production
- Fitness, recovery, chiropractic, physical therapy, and other rider support services

What Every Sponsor Receives

- Professional communication and clear approval before logo or brand use
- A season-end summary of results, content activity, and sponsor visibility
- Honest representation with no guaranteed wins, views, reach, or event acceptance

Why Partner Now

This is the point in the story where support can have the greatest impact. I am coming off my first qualified ride and a second-place finish, and I am preparing to turn that breakthrough into a full season of competition and content. A 2027 partner is not joining after the story is established - the partner helps make the next chapter possible.

How Sponsor Support Is Used

AREA	PURPOSE
Entry fees	More opportunities to compete and build results
Travel	Fuel and lodging for regional events
Equipment	Replacement and maintenance of essential riding gear
Training and content	Practice, recovery, photography, and video production

Build a Partnership

I would be glad to discuss a package that fits your business, including category exclusivity, custom content, event-specific support, or an in-kind arrangement. Benefits, placement, content usage, and payment terms will be confirmed in a simple written sponsorship agreement before the partnership begins.
